The event

Children's Heart Surgery Fund (CHSF) would like to tell you about an exciting sponsorship opportunity, which includes attending, supporting and receiving some brilliant marketing benefits for your business as we launch our first ever Corporate Charity Golf Day.

The event will be held at the prestigious Pannal Golf Club, which is one of Yorkshire's highest ranked golf courses.

The day promises to be a great networking opportunity for all handicap levels on one of Yorkshire's championship courses.

About CHSF

Children's Heart Surgery Fund (CHSF) was started in 1988 by surgeon Duncan Walker operating out of Leeds Killingbeck Hospital with the motto "Each Child a Childhood" - which was the goal of the region's Heart Unit at that time. Decades later, there are now more adults than children living with congenital heart disease (CHD), and over 90% of CHD patients reach adulthood.

CHSF provides a holistic family support service for the families of those affected by the disease, and empowers patients of all ages in their journey with CHD - as babies, children, teenagers and throughout adulthood. Donations provide vital resources and services including parent accommodation, life-saving medical equipment and NHS staffing. Our charity is only possible thanks to the incredible fundraising of individuals, communities and businesses. This helps to fund the specialist work of the Leeds Congenital Heart Unit and the network's regional clinics.
